# Nellie's FLOWERS

## PRESS RELEASE

'Nellies Flower' stall arriving at St.Georges Hanover Square, Mayfair.

Before setting up Nellies Flowers, I worked for a variety of renowned individuals and in many different settings. Past clients have included Madonna, Mariott Hotel Group, Sally Green, Z PR group, Ronnie Scott's, Greens Restaurant, Pete Waterman and Lloyd Grossman.

With the slogan 'Florists against pesticides' we will be bringing to you the best of british seasonal flowers, scented and inexpensive, with a selection of plants.

Our aim is to work alongside a handful of exquisite food market stalls, all working with the 'slow food movement' and creating a real buzz in central Mayfair. In an ideal world we could be found at the church 2/3 days a week (Thursday/Friday) working from about 11 until the office workers have gone home.

This wondrous stall will be welcomed with cocktails and food on July 3rd, keep watching this space for me information.
